- Surface treatment, Anodised

Material	Aluminium, plastic and other
Size W	Ø26 x min. 180 mm - max 1860 mm
Colour	Black and grey
Rotation	±150°
Total power consumption	24V DC
Driver mode	Constant voltage
Driver lifetime, expected	>50.000h
Supply voltage (mains)	100-240V 50-60Hz
LED power consumption	7.5W/m
LED efficacy	100 lm/W
LED lifetime, expected	>50.000h @Ta=25° C
Fixture luminous flux	720 lm/m
Dimmer systems applicable	1-10V, PUSH (mains)
Cooling system	Natural convection
Ambient temperature	-20° to 45° C Max
Lumen maintenance	L70 B0 after 50.000h
Applied LED	Xicato
CCT (nominal)	3000K, other CCT on request
CRI-8 (Ra) typical value	Min. 98
Transmission through cover	53%, 80%, 93%
Cleaning	Dry cloth or air

	Item no.
