

FL 1100 US

Imagine having an indoor lighting solution which illuminates your interior to perfection. The FL 1100 US Series attracts attention to your showcases, niches, displays without giving away the secret.

Our FL 1100 US projectors are specifically designed for the US market and are UL approved. It is a highly discrete and low noise light generator which can replace all halogen light generators.

The range features warm white and neutral white light solutions plus it offers colour wheel and twinkle wheel options.

The series has an unlimited amount of possibilities, meaning that it holds many functional and decorative lighting solutions including several dimming optics.

Bring your indoor settings to life with FL 1100 US Series.

FL 1100 US

- For indoor use / dry locations
- Outdoor generators available
- For use with fibre optic lighting
- LED expected lifetime 35.000 hours
- Warm white light 3.000K or neutral white light 4.000K
- External electronic driver
- Dimmable
- Black finish
- Colour wheel kit available (user instably)
- Twinkle wheel kit available (user instably)
- Dichroic glass colour filters available
- Dichroic CTC filters available
- Light port Ø9mm/Ø28 mm

IP 20

1.1 kg
