

FL 1010 B-1

Having a perfect lit indoor environment requires an outstanding lighting solution. FL 1010 generators can revive your interior whether it is showcases, niches, sauna lighting or starry sky.

Our FL 1010 B-1 Series constitutes a silent and a highly energy-efficient light generator suitable for all locations. This particular range holds a passive cooling system, meaning that it has no need for airflow and can fit into even closed compartments.

The projectors include warm white and neutral white light solutions plus it holds several dimmable options. The series features a colour wheel and twinkle wheel facilitating different scenarios for indoor areas.

Create outstanding indoor settings with the FL 1010 B-1 Series lighting solution.
